

NOTICE OF PHARMACY RENOVATION

To remain compliant with the regulations under the Drug and Pharmacies Regulation Act (DPRA), the College must be notified and approve of any material change to the size or physical layout of an existing accredited pharmacy. This form should also be used if the pharmacy is moving to a new unit number at the same municipal address.

The Director Liaison must submit a completed Notice of Pharmacy Renovation form along with a floor plan labelled with the following details at least **15 days** prior to commencing any renovations to a pharmacy:

- Total square footage of area to be accredited – if the pharmacy is part of a larger area, clearly delineate the pharmacy portion and identify how the accredited area is kept secure/physically separate from the non-accredited area.
- Total square footage of dispensary (area behind the counter).
- Location of required two sinks in the dispensary.
- Location of acoustically private consultation area in the accredited area.
- Location of compounding area.

USUAL AND CUSTOMARY DISPENSING FEE

<p>The usual and customary dispensing fee is the single specific amount set by the operator of a pharmacy as required by the Drug Interchangeability and Dispensing Fee Act. Any adjustment to this fee must meet the conditions established by <i>R.R.O. 1990, Reg. 935</i> and be communicated to the patient according to <i>R.R.O. 1990, Reg.936</i>. Usual and customary services directly linked to dispensing a prescription include gathering information, analysis and options based on information gathered, and offering follow up to the patient as appropriate. For more information, please review the guideline Dispensing Components Included in the Usual and Customary Fee.</p>	<p>DISPENSING FEE</p> <p>\$</p>

BANNER & FRANCHISE

<p>If the pharmacy is affiliated with a Banner please indicate the Banner Name The pharmacy is affiliated with a central office where they use a recognized name and may participate in centralized buying, marketing, professional programs, etc.</p>	BANNER NAME
<p>If the pharmacy is affiliated with a Franchise please indicate the Franchise name The pharmacy is owned by a franchisee who enters a business relationship with a company (franchisor) for the legal usage of the franchisor's name and products.</p>	FRANCHISE NAME

The Role of the Designated Manger

(Complete only if the pharmacy is moving to a new unit)

A Designated Manager (DM) is a pharmacist in Part A of the register who is designated by the owner of the pharmacy as the pharmacist responsible for managing the pharmacy. While the College holds all its registrants accountable for their practice, Designated Managers carry additional responsibilities related to their role. The DM accepts the same accountability and responsibility as the owner and corporate directors for ensuring that the pharmacy conforms to the requirements set out in the Drug and Pharmacies Regulation Act and Regulations, which govern the accreditation, ownership, and operation of pharmacies.

The DM understands that their contact information will be shared with Pharmapod, a third-party vendor, for the purposes of the administration and set-up of the [AIMS Program](#).

The College's [Designated Manager \(DM\) e-Learning module](#) provides an overview of the key responsibilities of a Designated Manager. It is recommended that new Designated Managers access it, in order to have a better understanding of their responsibilities.

As the Designated Manager of the Pharmacy, please indicate your acknowledgment of the following 4 statements by initialing in each box and signing below:

Before starting the role of DM I will:

- Activate AIMS Pharmapod account upon receipt of instructions from Pharmapod (sent within 2wks of effective date)
- Review the [standards and expectations](#) of the Assurance and Improvement in Medication Safety (AIMS) Program
- Review the [regulations and operational requirements](#) for the profession and the business as well as the policies and procedures that are in place at the pharmacy
- Conduct a full inventory and reconciliation of all narcotic, controlled and targeted substances. This count can be used for future reconciliations.
- Review past assessment history which should be discussed with the owner. If the assessment reports are not available to review, once the change in DM has occurred with the College, previous assessment results are available to the DM through their online account.

D

The DM is accountable for the following pharmacy functions:

- Professional Supervision of the Pharmacy
- Facilities, Equipment, Supplies and Drug Information
- Record Keeping and Documentation
- Medication Procurement and Inventory Management
- Training and Orientation
- Safe Medication Practices
- Assurance and Improvement in Medication Safety (AIMS) Program

The DM is responsible for meeting the [Standards of Operation of Pharmacies](#) and is required to be up to date with any changes to the College [policies and guidelines](#).

The DM is required to display their license or a [Designated Manager Certificate](#) for public view and it is the expectation of the College that the DM actively and effectively participates in the day-to-day management of the pharmacy.

I hereby acknowledge that I have read and I understand the Model Standards of Practice for Pharmacists, as approved by the Board of Directors of the Ontario College of Pharmacists and the policies mentioned above and I accept the responsibilities as defined in the Drug and Pharmacies Regulation Act (DPRA) Section 166.

I agree

Pharmacy Services

Please indicate the services to be offered and/or utilized.

Dispense Methadone for Methadone Maintenance Treatment (MMT)?

- The pharmacy dispenses Methadone for patients in a Methadone Maintenance Treatment (MMT) program for addiction. See [Opioid Policy](#)

If yes, is the pharmacy accepting new patients for MMT? Yes No

Transfer custody of Methadone for Methadone Maintenance Treatment (MMT) to a prescriber?

- The pharmacy prepares Methadone doses for transferring to a prescriber. See [Opioid Policy](#) and [Methadone Maintenance Treatment for Opioid Dependence](#) (CPSO)

Provide Central Fill Services?

- The pharmacy, under contract or policy, **prepares and packages** prescription orders on the originating pharmacy's direction. See [Centralized Prescription Processing \(Central Fill\)](#).

If yes, does the pharmacy provide?

Multi-Medication Compliance Aids (Blister Packs) Yes No

Non-sterile compounding preparations Yes No

Sterile compounded preparations Yes No

Utilize Central Fill Services?

- The pharmacy, under contract or policy, **sends prescription orders to a central fill pharmacy** for preparation and packaging. See [Centralized Prescription Processing \(Central Fill\)](#).

If yes, does the pharmacy utilize?

Multi-Medication Compliance Aids (Blister Packs) Yes No

Non-sterile compounding preparations Yes No

Sterile compounded preparations Yes No

Compound **non-hazardous STERILE** preparations?

- The pharmacy is compounding sterile preparations that require specialized equipment and specialized training/knowledge to customize a medication for a patient. This includes the reconstitution, manipulation or repackaging of sterile or nonsterile products to produce a sterile final product. See [Model Standards for Pharmacy Compounding of Non-Hazardous Sterile Preparations](#) for examples of non-hazardous sterile preparations and more information.

Compound **hazardous STERILE** preparations?

- The pharmacy is compounding sterile preparations with hazardous products that require specialized equipment and specialized training/knowledge to customize a medication for a patient. This includes the reconstitution, manipulation or repackaging of sterile or nonsterile products to produce a sterile final product. See [Model Standards for Pharmacy Compounding of Hazardous Sterile Preparations](#) for more information.

Compound Level A **NON-STERILE** preparations?

- Level A is required when compounding non-hazardous drugs, and includes having a separate, designated compounding area and general requirements for policies, procedures, training and equipment. Level A is the minimum requirement for pharmacies engaged in any compounding activities whatsoever, regardless of the type of preparation, quantity or frequency. (Refer to the [algorithm](#) and Section 8 of the [Guidance Document for Pharmacy Compounding of Non-sterile Preparations](#))
