

# Victor Wong

## Pharmacist

### Vision

As a candidate for the Board of Directors for the Ontario College of Pharmacists, my vision is to uphold and enhance the standards of pharmacy practice in Ontario by promoting excellence, upholding professional integrity, and ensuring high standards of patient care. I am committed to driving continuous improvement, fostering a collaborative healthcare environment, and advancing innovative and leading pharmacy practices to protect and serve the health and well-being of all Ontarians.

### Goals

- 1) **Ensure High Standards of Patient Care and Safety:** I am committed to supporting policies that prioritize patient safety, effective care, and equitable access to high-quality pharmacy services for all Ontarians.
- 2) **Uphold Professional Integrity and Ethics:** My focus will be on maintaining the highest standards of ethical practice, ensuring transparency and accountability in all aspects of pharmacy practice and governance.
- 3) **Encourage Innovation and Leading Practice:** I will support the adoption of new technologies and innovative services to enhance pharmacy practice, optimize operations for care and responsiveness, and support for robust supply chain management to ensure medication availability.
- 4) **Foster Collaboration and Community Engagement:** I will promote interprofessional collaboration for integrated care models and encourage engagement between pharmacies and their communities to address local health needs.

### Why I Am Suited for the Job

With extensive experience across various sectors of pharmacy, including community retail, hospital pharmacy, the pharmaceutical industry, management consulting, and academia, I bring a well-rounded perspective to the Board. My work with The Pharmacy Examining Board of Canada demonstrates my ability to lead and implement impactful changes. I have a proven track record of advocating for patient-centered care, professional development, and ethical practice. My collaborative approach and dedication to continuous improvement make me well-suited to represent and advance the interests of pharmacists and the public in Ontario.
